Street Lighting

Incorporating Community Amenities

Rank 1 (*most important*) to 6 (*least important*)

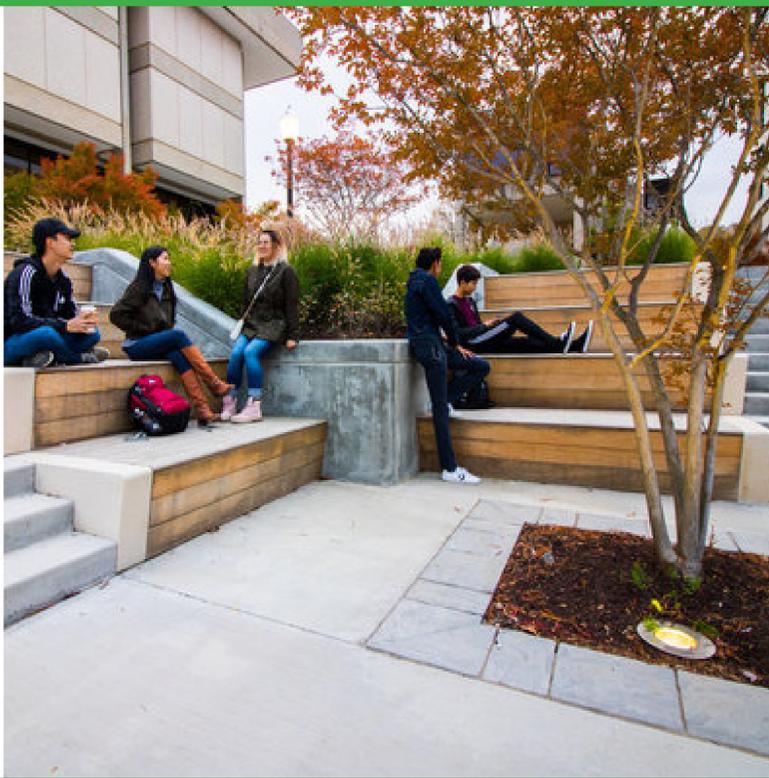

Pedestrian Connections

Playground Equipment

Places to Gather

Places for Pets

Community Gardens

Public Art / Sense of Community

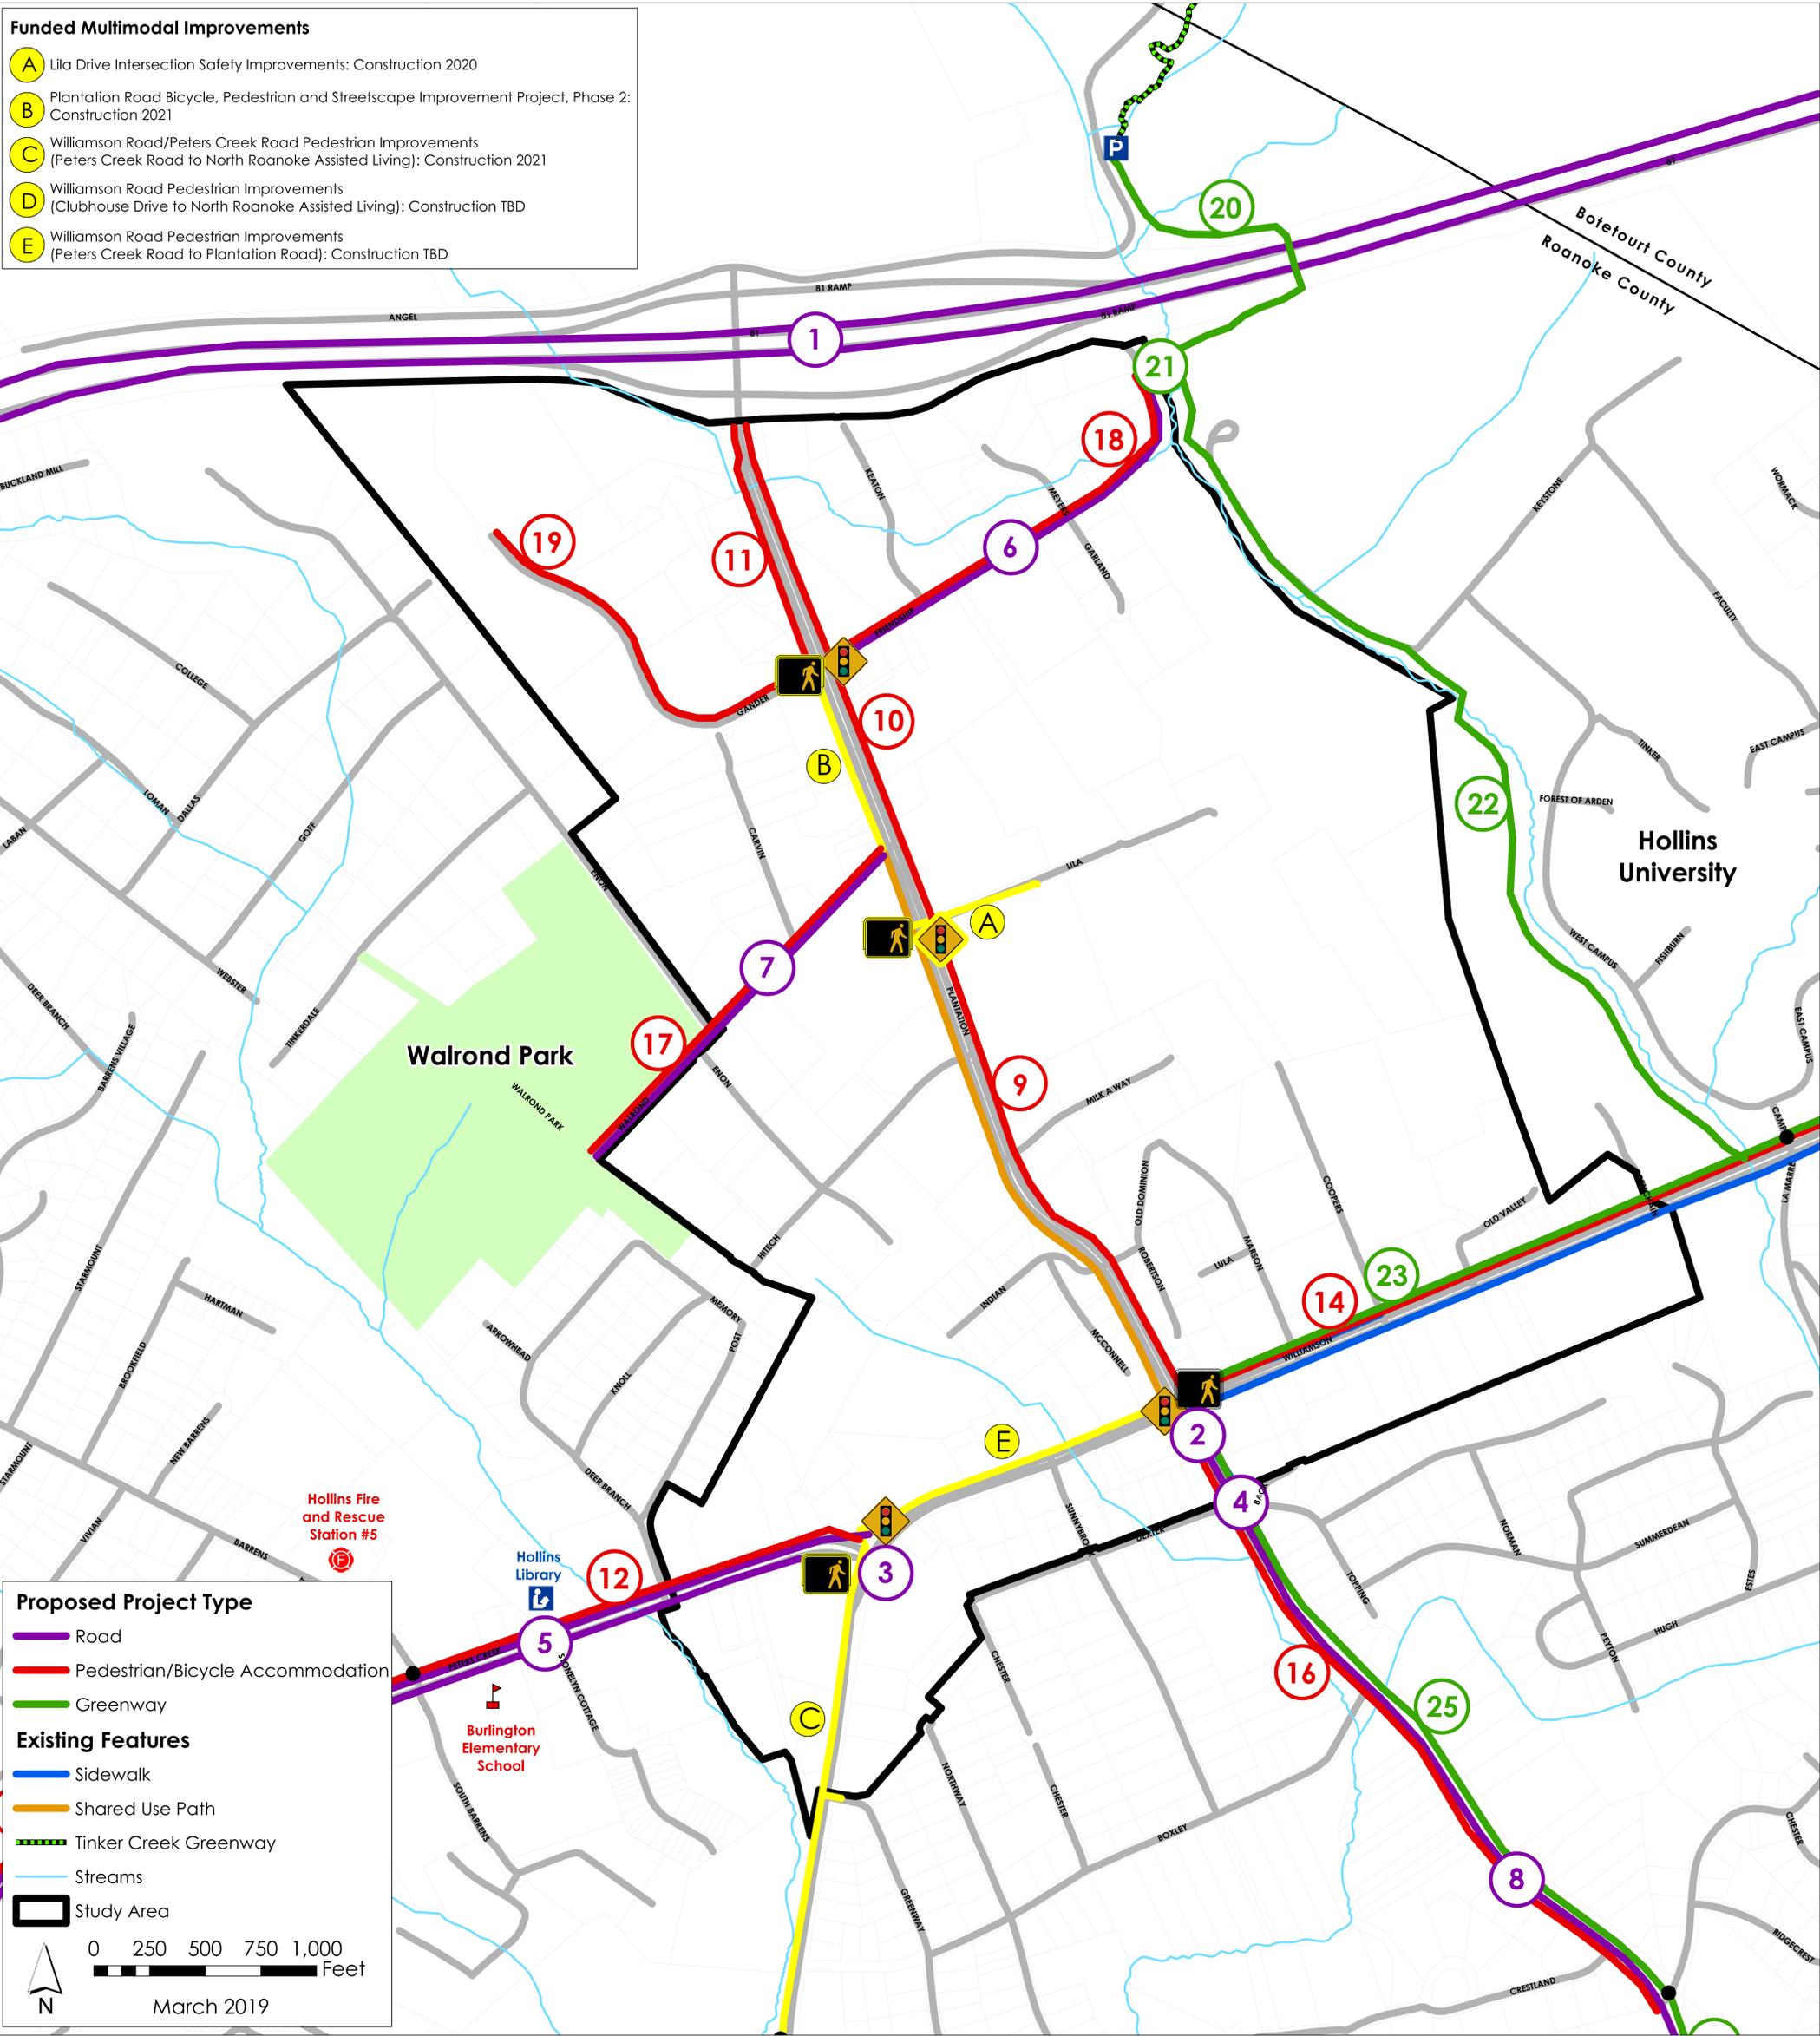

Principle #1: Continue to improve and expand the multimodal transportation network.
Core Concept: Develop a safe, efficient and accessible transportation network that provides a range of choices.

- Supporting Initiatives:**
- 1) Work with VDOT to address congestion and safety for all users.
 - 2) Plan for and construct accessible pedestrian and bicycle accommodations throughout the study area.
 - 3) Construct segments of the Tinker Creek Greenway and/or other bicycle and pedestrian facilities to connect to the existing trailhead parking lot.
 - 4) Expand transit opportunities to the study area when and where feasible.

What proposed improvements are most important to you?

- Funded Multimodal Improvements**
- A** Lila Drive Intersection Safety Improvements: Construction 2020
 - B** Plantation Road Bicycle, Pedestrian and Streetscape Improvement Project, Phase 2: Construction 2021
 - C** Williamson Road/Peters Creek Road Pedestrian Improvements (Peters Creek Road to North Roanoke Assisted Living): Construction 2021
 - D** Williamson Road Pedestrian Improvements (Clubhouse Drive to North Roanoke Assisted Living): Construction TBD
 - E** Williamson Road Pedestrian Improvements (Peters Creek Road to Plantation Road): Construction TBD

Principle #2: Upgrade Community Facilities

Core Concept: Ensure that public services and facilities meet the needs of the community.

Supporting Initiative: Improve, expand and connect to nearby public parks when and where feasible.

What other improvements would you like to see?

Principle #3: Create a Destination

Core Concept: Encourage a mix of commercial and residential uses to serve residents, employees, students and visitors.

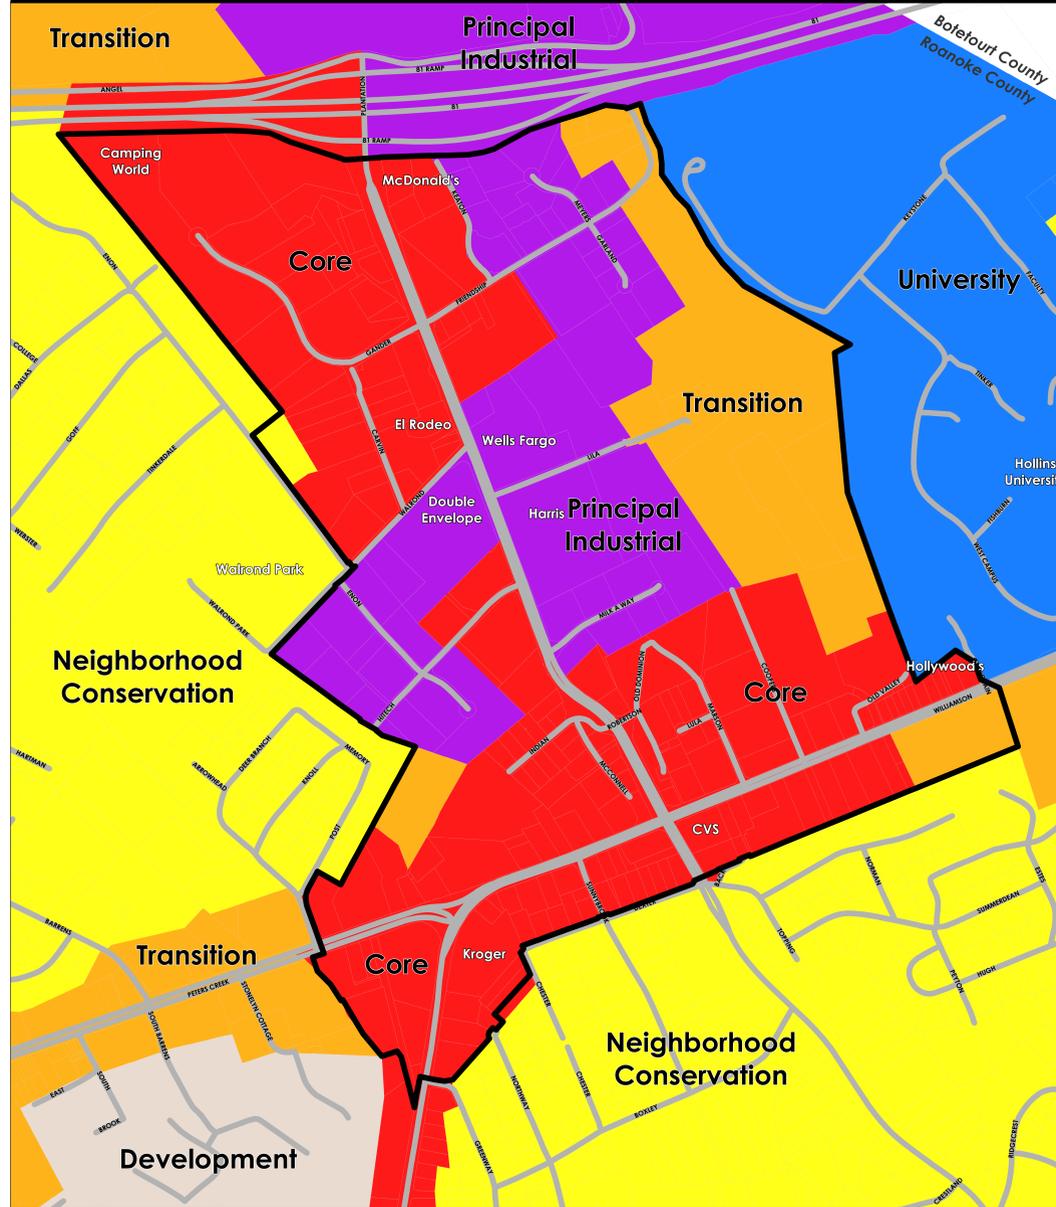

Supporting Initiative: Update the Future Land Use Map
Place a dot below your preferred future land use scenario.

Future Land Use Designations

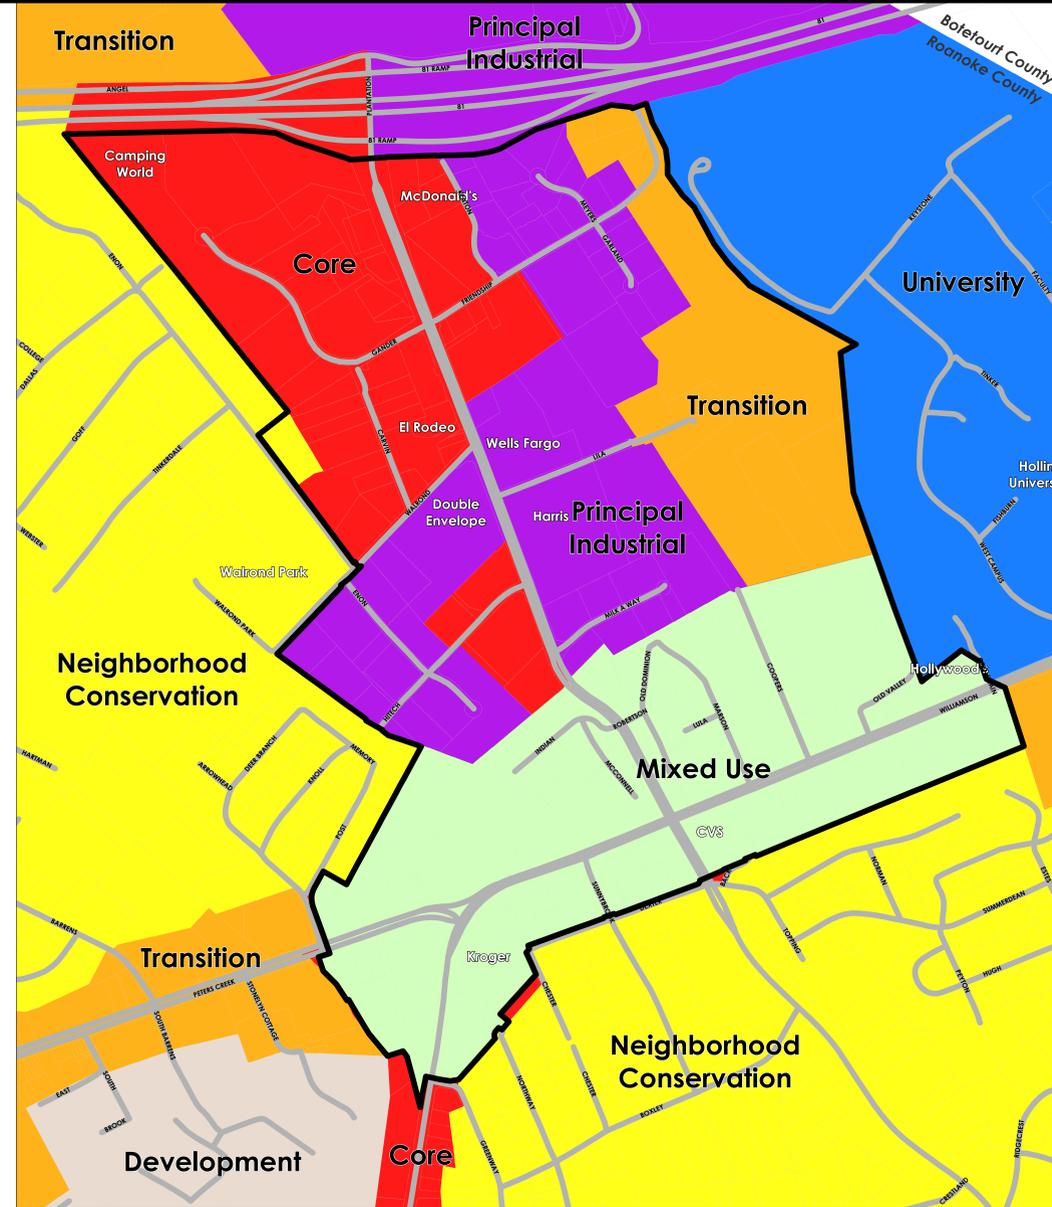

March 2019

1. Current Future Land Use (No Change)

2. Partial Mixed Use

3. Full Mixed Use
