## ParkView Web Application

**Roanoke County, VA**

Program Year: 2021

**Abstract:**

Roanoke County, Virginia's ParkView application is a customized solution that addresses the County's need to empower their citizens to locate nearby Parks and Recreation facilities and obtain information about amenities and activities at each site. The ParkView app was created from the ground up with accessibility in mind, and an emphasis was placed on integrating the latest technologies to ensure mobile compatibility and the use of location services. The ParkView app offers government transparency to its citizens, by including contact info, Parks and Recreation facility information and detailed amenities and activities information in an easy-to-use and mobile solution. Citizens and staff are no longer tied to desktop computers, as the ParkView app can be used on a variety of mobile devices, from any location. This increased ease-of-use helps streamline the day-to-day operation of staff while giving citizens access to County data whenever, and wherever, they choose. Please click on the following link to launch the ParkView application <https://ParkView.roanokecountyva.gov> .
