Table 1. Zoning

Zoning District	Description	Acreage of Primary Sites	Percent of Primary Sites	Primary and Secondary Sites	Percent of Primary and Secondary Sites	Study Corridor	Percent of Study Corridor
Agricultural / Rural Preserve – AG-3, AG-3(S)*	Primarily farmland, woodland & widely scattered residential development. Steep slopes and groundwater recharge areas.	51.86	41%	186.54	58%	585.45	47%
Agricultural / Rural Low Density – AG-1, AG(S*)	Like AG-3, but with smaller minimum lot sizes.	37.7	30%	86.43	27%	458.96	37%
Agricultural / Residential – AR	Very low-density residential and institutional uses mixed with smaller parcels historically containing agricultural uses, forest land and open space outside the urban service area.	22.1	17%	24.04	7%	43.8	4%
Agricultural / Village Center – AV, AV(C)**, AV(S)*	Purpose of district to establish areas which will serve as the focal point for cultural and commercial activity of the rural service areas of the county. Density recommended for these areas is intended to average between one and three units per acre.	10.23	8%	18.10	6%	144.27	12%
Office – C-1(C)**	Provide for the development of attractive and efficient office uses in the urban service area which serve community and county-wide needs. Varying intensities of office development.	4.71	4%	4.71	1%	5.34	0%
General Commercial – C-2, C-2(C)((Provide locations for a variety of commercial and service related activities within the urban service areas and serving a community of several neighborhoods or large areas of the county. Most appropriate for major arterial thoroughfares.	0.19	0%	1.41	0%	1.98	0%
		126.79		321.23		1239.8	

*(s) indicates Special Use Permit

**(c) indicates conditions or proffers

Table 3. Future Land Use

Future Land Use Classification	Description	Primary Sites	Percent of Primary Sites	Primary and Secondary Sites	Percent of Primary and Secondary Sites	Study Corridor	Percent of Study Corridor
Village Center	Serves as the commercial and institutional focal point of surrounding rural residential and farming establishments. Highest level of rural land use activities may occur here. Uses are designed scaled and marketed to serve the needs of the residents from the surrounding rural areas.	46.96	37%	100.56	31%	357.19	29%
Rural Preserve	Mostly undeveloped, outlying lands. That require a high degree of protection to preserve agricultural, forestal, recreational and remote rural residential areas.	34.44	27%	97.36	30%	179.52	15%
Transition	Encourages the orderly development of highway frontage parcels. Generally serve as developed buffers between highways and nearby or adjacent lower intensity development.	31.36	25%	86.80	27%	480.51	39%
Rural Village	Limited development activity has historically occurred here. Suburban or urban development patterns are discouraged. Generally in between the intense suburban development patterned already established in the County and the designated Conservation and Rural Preserve areas.	14.02	11%	36.52	11%	209.73	17%
		126.78		321.24		1226.95

Table 4. Site Analysis (continued)

Sites	Floodplain Issues	Site Size	Historic Features		Other
Brethren	Yes - will need to construct a bridge over floodplain for site access	1 site totaling 7 acres	5922 Brethren Road (80-604)	Bungalow	I-73 could affect entire site
Back Creek	Yes - impedes access to site	6 sites totaling 16 acres	Red Hill Church 1937	Boone-Naff Cemetery	Kingery-Campbell Cemetery I-73 could affect parts of site
Winter	Yes - adjacent floodplain	2 sites totaling 6 acres	Red Hill Church 1910	1920 Bungalow	Ridgeway Cemetery
Pine Needle (N)	Yes - adjacent floodplain	6 sites totaling 17 acres	Hartman-Kasey-Kingery Cemetery		
Starlight	No	7 sites totaling 49 acres	1940s frame	Bungalow	Alcorn Cemetery
Willow Branch	No	4 sites totaling 22 acres	Franklin and Willow Branch Roads (80-359)	Bungalow	
Dunahoo	No	2 sites totaling 9 acres	Bungalow	Murray Cemetery
